

Notes and schedule for the 6th RNA Dynamics Workshop.

Sunday, July 7.

Arrival and self-orientation. *Drink water.* Remember that you're at ~9000 feet, so watch out for dehydration headaches that are exacerbated by excessive consumption of alcohol.

Workshop Reception

Sunday, July 7th

5:00 – 6:30pm pm at [Oak, 250 W. San Juan Ave \(Gus' Way\)](#) at the base of the Gondola

A representative from TSRC will be there to hand out badges, welcome folks to town, and answer any questions. Guests and family members are welcomed, of course. All workshops are invited so you may find many unexpected friends in the crowd.

Workshop Location

Telluride Intermediate School
[725 West Colorado Ave, Telluride CO 81435](#)

Questions about workshop, call me 314-560-7757. Good luck with cell reception.
Questions about TSRC or Telluride, contact Mark Kozak
mark@telluridescience.org at 970.708.4426

Order of appearance at the 2019 RNA Dynamics Workshop.

Everyone has an hour to present their story, but please consider that discussion is the most fun, and leave time for it. Also consider that you shouldn't give a standard seminar, but focus on what's new and what's not working and what you're currently thinking about.

A projector is in the room. Bring your own computer or arrange to share. Don't count on having robust internet access if you plan to download a movie from the cloud.

Breakfast every morning is served in the cafeteria adjacent to the meeting room facility between 7:30-9 am.

Monday July 8

9:30 am	Introduction and welcome – TSRC staff & Kathleen (moderator for the day)
